

Pulkit Mehta

Senior Technical Lead & People Manager

Melbourne | 0423131424 | mehta.pulkit94@gmail.com | [LinkedIn](#)

CAREER PROFILE

With over 6 years of experience as a Full-Stack Developer, Technical Manager, and Leader, I bring a proven track record of delivering innovative and high-quality solutions across diverse projects. With a comprehensive skill set encompassing both front-end and back-end technologies, coupled with strong leadership capabilities, I have consistently driven teams to success while exceeding project expectations.

TECHNICAL EXPERTISE

Full Stack Development:

Proficient in building robust web applications from conception to deployment using technologies including HTML/CSS, JavaScript, React.js, Node.js, Tailwind, Express, and Redux.

Database Management:

Skilled in designing and optimizing databases using NoSQL technologies such as MongoDB.

DevOps and Cloud Technologies:

Experienced in implementing CI/CD pipelines, containerization with Docker, orchestration with Kubernetes, and deploying applications on cloud platforms like Azure.

Agile Methodologies:

Strong advocate for Agile practices with hands-on experience in Scrum and Kanban methodologies, fostering a collaborative and iterative approach to development.

LEADERSHIP AND MANAGEMENT

Team Leadership:

Proven ability to lead cross-functional teams of developers, designers, and stakeholders to achieve project objectives within budget and timelines.

Technical Mentorship:

Passionate about knowledge sharing and mentorship, guiding team members to enhance their technical skills and professional development.

Strategic Planning:

Proficient in aligning technical initiatives with business goals, developing roadmaps, and executing strategies to drive innovation and growth.

Stakeholder Engagement:

Effective communicator with a demonstrated ability to establish and maintain strong relationships with clients, ensuring transparency and alignment throughout the project lifecycle.

ADDITIONAL EXPERIENCE**Training and Development:**

At Clear Dynamics, I played a pivotal role in enhancing the team's technical proficiency by creating comprehensive training content. This included designing and delivering workshops, tutorials, and documentation tailored to our front-end development needs, significantly improving our team's skill set and productivity.

Recruitment and Talent Acquisition:

Actively involved in the recruitment process, from defining job requirements to interviewing and selecting top-tier developers. My approach ensured the consistent onboarding of highly skilled professionals who contributed to the team's success and aligned with the company's values and technical standards.

With a blend of technical expertise, leadership acumen, and a passion for driving innovation, I am dedicated to delivering impactful solutions that exceed client expectations and drive business growth. I am excited about the opportunity to contribute my skills and experience to future projects, driving success and fostering a culture of continuous improvement.
